Digital Television

Television never had it as good as being in charge of what you want, when you want it. Our television service begins at \$30 a month for six channels. Why pay for repetition and channels you have no interest in?

At Netflash Internet Solutions we believe that television today should be what YOU want and that is what we deliver. YOU be the boss of what channels you want and when you want. Choosing from 5 or all in a simple as a call to our sales team.
